

Shawn M Crook-Cocagne

Alternative Licensed Teacher

+1 (719) 388-6663 • steadystategames.dev/teaching • shawncrookprimary@gmail.com

LICENSURE AND PREPARATION

Alternative Teaching License (ALT) | Science Education (Grades 6-12)

Credential 24556952 | Issued July 20, 2026 | Expires July 20, 2028

CU ASPIRE

In progress

Secondary science teacher licensure program

Praxis General Science (5436)

Score: 193

TEACHING EXPERIENCE

Monument Academy

Monument, CO

High School Science Teacher

Feb 2026 - Oct 2026

Courses: Physics, Anatomy and Physiology, Chemistry, 9th Grade Physical Science, and Circuits.

- Planned and delivered science lessons, laboratory activities, and assessments across 5 preps at once.
- Managed chemical cabinet safety; built a QR-code inventory and logbook, reorganized storage using Flinn guidance, disposed of legacy 18 M sulfuric acid following Flinn procedures, and improved acid containment.
- Designed Google Forms assessments for proctored computerized testing using the school's available technology.
- Applied classroom management strategies and implemented IEP and Section 504 requirements.

EDUCATION

Colorado State University

Fort Collins, CO

Bachelor of Chemical Engineering | GPA 3.57

May 2024

Additional credential: Engineer In Training (FE Chemical), June 2024.

INSTRUCTIONAL AND TECHNICAL SKILLS

Teaching: Individualized instruction, classroom management, IEP and 504 accommodations, laboratory safety.

Planning and assessment: Asynchronous project management, multi-prep lesson planning, digital assessment design.

Productivity: Google Workspace, Google Drive, Google Apps Script, Microsoft Office, document creation.

Learning resources: Infinite Campus, PhET, OpenStax.

OTHER EXPERIENCE

School District 11 and Monument Academy Charter

Substitute Teacher

Nov 2025 - Feb 2026

School of Advanced Materials Discovery Core Center

Fort Collins, CO

Undergraduate Laboratory Assistant

Sep 2021 - Nov 2022

- Analyzed the mean pore size of a novel material using electron microscopy.
- Independently performed modulus tests, recorded results, and plotted data for a graduate researcher.

Pine Creek High School

Colorado Springs, CO

Peer Assisted Learning Lab Tutor

- Helped classmates pass algebra; tutoring peers and my sister sparked my interest in education.
